About Me

Hardworking and passionate student, willing to do something related to my field. Ability to explore new things and gain knowledge to improve my skills.

Education

BACHELORS IN COMPUTER SCIENCE

FEDERAL URDU UNIVERSITY OF ARTS, SCIENCE AND TECHNOLOGY

03/2022 - Present

Professional Experience

● INTERN

JOEYCO LOGITECH PVT. LTD

02/2023 - 03/2023

- During my internship as a Backend PHP Laravel Developer, I had the opportunity to work on various projects and gain valuable experience in web development. I collaborated with a team of skilled developers and actively contributed to the development of robust and scalable web applications..

● EMPLOYER

SOFTWARE HOUSE

03/2023 - 08/2023

As a part of a reputable software house, I had the opportunity to work on a diverse range of projects and gain extensive experience in both frontend and backend development. I actively contributed to the development of web applications using technologies such as Laravel PHP, HTML, CSS, Bootstrap, jQuery, and MySQL. In the frontend development role, I created responsive and visually appealing user interfaces using HTML, CSS, and Bootstrap. I utilized my skills in JavaScript and jQuery to enhance user interactivity and create dynamic web elements. Collaborating closely with designers and UX specialists, I ensured seamless integration of design concepts into functional web interfaces. In the backend development role, I leveraged the power of Laravel PHP framework to design and implement robust backend functionalities. I worked extensively with databases, particularly MySQL, to store and retrieve data efficiently. Utilizing my knowledge of SQL, I developed optimized database queries and implemented data validation and security measures

Skills

HTML, CSS, BOOTSTRAP,

- **Taxero Solution:**

Developed a responsive and user-friendly website for a client, "Taxer Solutions," using HTML, CSS, JavaScript, and Bootstrap. The project involved designing and implementing a professional interface that highlights the company's services and solutions, optimizing for mobile and desktop users. Leveraged Bootstrap for a clean, grid-based layout and ensured cross-browser compatibility. The result was a fast, visually appealing, and easy-to-navigate website that improved the client's online presence and user engagement.
